

## 10.6.8 Support Services for People with Disabilities

The University of the Visayas (UV) provides comprehensive support services for persons with disabilities (PWDs) to ensure equal participation in academic and campus life. These include ramps, elevators, accessible restrooms, designated seating in classrooms and auditoriums, and academic accommodations such as extended exam time and alternative formats for learning materials.

Evidence of implementation is reflected in AY 2024–2025 enrollment data, where 15 students with disabilities (0.26% of total enrollment) were admitted and supported through these services. This demonstrates UV's commitment to reducing barriers, fostering inclusivity, and advancing SDG 4 (Quality Education) and SDG 10 (Reduced Inequalities).
